

OMF LITERATURE INC.

OMF LITERATURE INC., NOW ASSURED WITH ITS NEW MICROSOFT DYNAMICS RMS PARTNER

After half-a-century of publishing in the Philippines, **OMF LITERATURE INC.** remains confident in God's power to touch lives, impart truth, and effect change through Christian literature. Blessed to be the leading publisher, importer-exporter, and distributor of evangelical Christian literature in the Philippines today, they are committed to take an active part in shaping the hearts and minds of every generation by publishing biblical, socially relevant, and life-transforming books and literature.

Last January 15, 2010, OMF Literature Inc. finds assurance with Infosoftware International Solutions Incorporated for the roll out implementation of Microsoft Dynamics RMS. From other Microsoft Dynamics partners, they are now confident that Infosoftware will be able to manage their retail store operations all over the Philippines. The establishment of the partnership was conducted at the OMF Head office in Boni Mandaluyong together with Ms. Marie Malacca-Accounting Manager and Ms. Gloria Adlaon – Store Manager of OMF.

For retail organizations looking to drive success, Microsoft Dynamics Retail Management System (RMS) offers an easy-to-use, flexible solution that helps manage operations and performance across all stores and at the head office. And now that OMF Literature Inc. finally found its credible partner with Infosoftware, they are assured that Microsoft Dynamics RMS will help them achieve their commitments to their loyal patrons.
