

# MICROSOFT DYNAMICS GP CONSTRUCTED TO POWERKING FOR THEIR GROWING BUSINESS

Trading of construction accessories is what builds **Powerking Industries Corporation**. They trade brand new hydraulic breakers and other parts and equipments for construction needs. It also has Powerking Holdings Inc. as its mother company that focuses on the investment industry.

**Last December 1, 2009**, Powerking Industries Corp. acquired Microsoft Dynamics GP to address their operational demands. They aim that this system can give them an opportunity to integrate the two companies and the other coming branches for the coming years. Also with the aid of Infosoft International Solutions Inc as their provider, they want to minimize if not to eliminate the lost in operational cost occurred in the previous years.

Microsoft Dynamics GP is built to work like and with Microsoft office systems and Microsoft technologies. This familiar, flexible solution helps ensure people to work effectively from the start and helps maximize investment in a unified Microsoft platform and industry-level customization tools. Microsoft Dynamics GP equips people at all levels of the organization to keep pace with the competition and manage changing markets, unique requirements, and full range of business operations.

With the last quarter of the year closing, Infosoft International Solutions Inc. facilitated the immersion of Microsoft Dynamics GP at the Powerking Office at Caloocan City. This was observed by Mr. Virgilio S Verde – President, and Ms. Virgie Paras – Accounting from Powerking. It was systematized by Marvin de Leon- Sales Consultant, Ace Celeste – Sales and Marketing Associate, Aarol Vasquez – Implementation Manager, Ryan Paulo Aquino – Project Manager, Jose Bernard Cueto III – Applications Specialist and Almira Navarro – Marketing Officer from Infosoft International Solutions Inc.
